

DISCLAIMER & RELEASE OF LIABILITY

Hello Cakery & Macarons, LLC

And

(Client)

Hello Cakery & Macarons, LLC has prepared a custom-designed wedding cake for this occasion using fresh cake and buttercream as requested by the client. Designs may also include chocolate, gumpaste, or fondant. As such, the client and the wedding planner for this event have been advised that the cake should be kept out of direct sunlight and at moderate/room temperature (not greater than 77°) in order to maintain the integrity of its components.

Should the client choose to keep this cake in a location where the cake is exposed to higher than recommended temperatures, we cannot guarantee the stability of the cake, buttercream, or other decorative components, and will not accept any responsibility for any changes to its structure or contents as a result. Cakes exposed to high temperature will cause the buttercream to melt under the fondant.

The weather is above 77°, direction will be given to the venue by Hello Cakery & Macarons, LLC to keep the cake indoors and bring out before the cake cutting ceremony.
